Dear Sir/Madam:

As part of the 2017 Streets Rehabilitation Program, the City of Victoria will be completing the improvements mentioned below. Construction has already begun with water service and catch basin upgrades and will be followed by road paving. Completion is expected by the middle of July and the project scope includes the following:

The City of Victoria will work to minimize inconveniences during construction. Local access will be maintained and some parking restrictions will be required. The construction area will be clearly marked with signs.

Prior to final paving our paving contractor will deliver a paving notice noting the date of paving and vehicular / parking restrictions.

If you have any questions, comments or concerns regarding this project please do not hesitate to contact me at 250-883-0513 or cjalonen@victoria.ca.
