NOTICE OF CONSTRUCTION

**Linden Avenue, May Street to Chapman Street
Sanitary Sewer Construction
April 2019 – June 2019**

Dear Sir/Madam:

In 2019, the City of Victoria is completing a number sanitary sewer upgrades that will improve the existing system. The City of Victoria is tentatively scheduled to begin a sanitary sewer construction project on Linden Avenue, between May Street and Chapman Street, the week of April 23, 2019.

The sanitary sewer project will include the replacement of a 100 metre section of sanitary sewer, with accompanying manholes and service connections. The project will last approximately five (5) weeks.

The project benefits are:

- **Sanitary Sewer Upgrades:** Sanitary sewer upgrade projects improve flow characteristics, reduce inflow & infiltration and provide additional capacity to the current system.

The City will work to minimize any inconveniences during construction. Local access will be maintained, however, parking restrictions and traffic diversions, can be expected at times.

If you have any questions, comments or concerns, regarding this project please contact me at 250-883-0472 or kturpin@victoria.ca

Regards,
