Subject: Richardson bike lane design - request for another consultation meeting

Dear Mayor and Council and Ms. Potvin,

FGCA would like to thank the City for consulting on the design of the Richardson bike lanes, including: the Richardson tour in November; the meeting at the FGCA offices in November; the Moss Street Market, pre-halloween Boo Blvd, and two bike week pop-ups; the online survey, and the four open houses in Nov - Dec 2019.

We are advised that several residents of Fairfield Gonzales were unaware of the consultations. They would like to request another meeting to be held at the FGCA offices. We respectfully ask that the City consider this request, and we can be in touch about available dates and times.

Many thanks again,

Don Monsour
President
Fairfield Gonzales Community Association
